

## California Proposition 65

October 1, 2018

The Book Company takes all necessary steps to ensure that our products meet the highest standards of safety. To meet both the needs of our customers and the regulatory requirements of the markets we serve, The Book Company maintains a pre-approval process and regularly reviews the materials provided by our suppliers to ensure that our products meet our customers' requirements and Federal product regulations.

Our published books and manufactured journal products do not currently require any labeling for California's Proposition 65 as they do not include any chemicals that are listed as dangerous chemicals under Proposition 65.

The processes used on our products that are decorated in the USA, have been tested for compliance with the Proposition 65 rules.

If The Book Company becomes aware that any product requires a Proposition 65 Warning, we will apply the short form Warning label to that product at no charge to our customers.

If you have any questions or concerns related to these policies and procedures please contact Missy Kilpatrick, [mkilpatrick@thebookco.com](mailto:mkilpatrick@thebookco.com).

Sincerely,

Doug Greenhut  
President
