EU REACH – 181 Substances
Ecological Fibers, Inc. wherever it is located geographically, supplies only substances, preparations or articles in strict conformity with the EU Regulations in force, and in particular with the REACH Regulation. Substances to be registered and/or notified as soon as necessary, and in accordance with the rules defined by the Regulation, and for the uses that we have for these substances – substances authorized and conforming to the restrictions based on the Candidate List Updated 2018 for 181 substances.

Downstream Communication obligation of the supply chain:
In accordance with the REACH Regulation, the above named company, wherever it is located geographically, will report in a clear and systematic manner:
- the presence of any Substances of Very High Concern* contained if at or more than 0.1%(weight/weight) in the articles and preparations that we produce
- any other pertinent information relating to the application of the REACH Regulation
* in accordance with the Regularly updated “candidate list” and Appendix XIV of the Regulation to come and its future developments, see also https://echa.europe.eu/candidate-list-table

CPSIA
Ecological Fibers, Inc. hereby certifies that all items we produce are manufactured in strict compliance with the: Consumer Product Safety Improvement Act.

TSCA, RoHS, ISO 8124 PART 3, ASTM F963, Prop. 65, EN71, and Conflict Minerals
Ecological Fibers, Inc. hereby certifies that all items we produce (with the exception of Arizona and Corona Bonded Leathers) are manufactured in strict compliance with: Toxic Substance Control Act, Reporting of Hazardous Substance Act, ISO 8124 Part 3, ASTM F963, California Proposition 65, and EN71 part 3 (2012) Standards.

I certify that the above information is correct.
I agree to keep clearly informed of any changes relating to this certificate.
We reserve the right to verify the exact nature of the information relating to REACH or other Acts or Directives which we receive.
